

MALOLAS TAKEN BY AMERICANS

The Insurgent Capital Under Our Flag.

FILIPINOS WERE DRIVEN OUT OF THE CITY.

Uncle Sam's Men Now Resting in the Seat of the Island Government—Stars and Stripes on Aguinaldo's Headquarters—General Otis Confirms the News Dispatches—Filipino Papers Report Successes of Insurgents—MacArthur in Pursuit.

Manila, March 31.—[Special]—Malolos, the Filipino capital is now in possession of the United States forces. The flag was raised over Aguinaldo's former headquarters, and a guard was placed about the building, and also in the residences of the Filipino cabinet officers.

Stringent measures are being taken to prevent any looting by the camp followers, as the rebels in their flight left much valuable property behind them.

The fighting was resumed this morning. Hale's brigade advanced from the waterworks along the San Mateo valley for many miles. The troops had several fights with the Filipinos, the enemy in each case being routed with a considerable loss.

Our loss was one killed and nineteen wounded.

The American lines about Manila are being spread further into the country. The Filipino papers say that the Americans were badly defeated at Pasig. Gen. McArthur will take up the pursuit of the insurgents tomorrow.

Otis Confirms It. Washington, March 31.—[Special]—The following cable was received from General Otis this morning:

Adjutant General, Washington—Our troops are now resting at Malolos. A considerable portion of the city was destroyed by fire. Our casualties were one killed and fifteen wounded.

OTIS.

Talk of the Effect. Washington, March 31.—[Special]—In administration circles the opinion is divided as to the effect of the taking of Malolos by the American army. A few think this virtually ends the war, but others declare that it will only mark the inception of wholesale bushwhacking and brigandage.

The rebels are doubtless banking on the supposition that their continual harassment, and the influence of the rainy season, will tend to secure the withdrawal of the American troops, for several months, at least.

Washington, March 31.—This message was received at the war department and made public at 1:30 this morning:

Manila, March 31.—To Adjutant General, Washington: McArthur captured Malolos at 10:15 this morning. Enemy retired after slight resistance and firing the city. Particulars later. Hall had quite a severe engagement beyond Marikina. Casualties twenty. Enemy driven. OTIS.

Agulnaldo Flees Northward.

Manila, March 31.—The American forces have captured the town of Malolos. Gen. McArthur entered the town at 10 o'clock this morning. It was found that the insurgents had burned the city and fled northward. It is understood that Aguinaldo and his cabinet left in that direction two days ago.

The Approach to Malolos.

This morning the baggage trains of the Americans were brought up, and the bridges were repaired. Our scouts reconnoitered the country to within a mile of Malolos. They did not find the enemy in force, but discovered scattered bodies of Filipino soldiers and about 2,000 natives, who were retreating to the eastward.

At half past 5 o'clock Gen. McArthur resumed his advance from half a mile beyond Guiguinto. The Nebraska, South Dakota and Pennsylvania volunteers were on the right of the line. They met with some opposition from the enemy, who were in the woods, but soon drove them out.

Half a mile further on they had another engagement with the rebels, with the usual results, the enemy standing for a little time, and then fleeing precipitately.

The Kansas and Montana volunteers and the Third artillery had the left of the advance, and were not on the firing line.

The troops bivouacked a mile and a half from Malolos. Rebel sharpshooters fired on them from a distance of 300 yards.

To Pursue Beyond Malolos. Telegraphic orders were found at Guiguinto directing the transportation of rails to Calumpit, six miles beyond

Malolos, where the enemy will be pursued. It is probable that resistance will be met with. The country is rough, and the rivers will necessitate a slow advance.

Our casualties in the fighting near Guiguinto were as follows: First Nebraska, four killed and thirty wounded; Tenth Pennsylvania, one killed and three wounded; First South Dakota, ten wounded.

An advance was met with strong opposition, the rebels resisting desperately. Gen. Hall's brigade advanced north from the water works and drove the left wing of the enemy across.

The Americans finally drove the Filipinos back. Although there were three lines of strong entrenchments along the track, the enemy made scarcely any defense there. Gen. MacArthur and his staff were walking on the track abreast of the line, with everything quiet, when suddenly they received a shower of bullets from sharpshooters in trees and on house-tops; but these were speedily dislodged.

The enemy's loss was apparently small, the jungle affording them such protection that the Americans were unable to see them and in firing were guided only by the sound of the Filipino shots. The American artillery was handicapped for the same reason.

The hospital work is remarkably efficient, as it has been throughout the whole campaign.

NEWS CARRIED TO McKINLEY.

President Gratiot at Hearing Report of Victory at Malolos.

Washington, March 31.—At 1:30 this morning Adj. Gen. Corbin received official confirmation of the capture of Malolos from Gen. Otis.

Although the president had retired, the good news was communicated to him. He expressed his gratification and returned to his bedchamber, probably thinking of the reward he will give the brave soldiers at Manila who have again won distinction for themselves and their country.

Today's battle is believed to be practically the end of the real fighting in the Philippines. The outcome, it is believed, has broken the backbone of the revolution, and many of the rebels who have not been captured will lay down their arms.

The president is particularly pleased with the manner in which the Americans have swept on resistlessly, surmounting innumerable obstacles without faltering.

Gen. Corbin does not believe Aguinaldo and his followers who escaped will engage in guerrilla warfare. They have fought like veterans, and he says it is not one of the characteristics of a brave soldier to engage in bushwhacking. He knows when he is whipped and is willing to abide by the result.

Other officers do not agree with Gen. Corbin, and they say Aguinaldo will never surrender, but will fight to the bitter end, which means extermination.

Those who take this view say if Aguinaldo decides to continue the unequal and disastrous conflict it will only be a short time when he will be killed or in the hands of the American forces.

With such magnificent officers as Otis, Lawton, Hall, Hale and Wheaton, and troops whose superiors the world has not produced, it will be but a short time before the rebel leaders will be in captivity.

Officials and army officers here say the war will be pursued to the bitter end and until the authority of this government is recognized by the humblest rebel in the archipelago.

American Victims at Manila.

Washington, March 31.—The war department yesterday received from Gen. Otis an additional list of casualties at Manila. The message from the front is dated March 30, and includes a period dating back as far as March 25. It is not the understanding that this list includes the dead and wounded of the 29th engagement.

The previous totals of dead and wounded reported were 44 killed and 279 wounded.

The last list gives 3 dead and 40 wounded, bringing the total reported up to yesterday to 47 killed and 319 wounded.

Six Corners.

Harmory, March 31.—Frank Story was in Fort Atkinson on Wednesday in search of farm help. George Mullen will be found at Philip Doheny's for the next eight months. Barnhart's sawing outfit will be at work near here for a few days. Mr. Caldo of Rock Prairie, was in the vicinity recently in quest of heavy work horses for farm work. Wm. Cleland delivered ten fat lambs to George Yahn of Janesville, that averaged 135 pounds each. W. H. Gray now drives a pair of pacers as the result of a recent purchase. Owen Mullen also bought a horse near Whitewater Tuesday. One year ago, farmers had already been plowing two weeks. Mr. and Mrs. Howard visited at Ed. Scott's at Milton on Wednesday. Mr. Boettcher was at Johnsons Creek the first of the week. The standing surface water, which in many places covers the roads, is still causing much trouble since it has frozen. A good time now to select places to expend highway tax this spring.

ANTI-PASS QUESTION TANGLES ASSEMBLY

DEBATE OVER RESOLUTION AND BILL.

Vain Effort to Strike Out Clause Making Violation Bribery—Resolution Laid Over Until Tuesday—New Substitute Forestry Bill Introduced—Both Houses Adjourn to Wednesday

Madison, March 31.—[Special]—The assembly got badly tied up today over the anti-pass resolution and bill. The report of the conference committee on resolutions was adopted. After a vain effort to strike out the clause making a violation bribery, the motion to reconsider was lost by a vote of 42 to 42. This brought it to a question of concurrence on which a call of the house was ordered. Three members were absent without leave and after a half hour of waiting, the sergeant of the house reported that they had left the city. A motion to raise a call was lost and horse play was indulged in while the long calendar waited until after 11 o'clock, when call was raised. The resolution was finally laid over until next Tuesday.

A new forestry bill was introduced in the senate as a substitute for the original bill.

Several minor bills passed and ordered to a third reading.

The bill providing for a bounty on pig-iron was killed, also a bill providing for eight day encampments for the national guard.

Both houses adjourned until next Wednesday evening.

Berlin, March 31.—[Special]—The Berlin papers today comment severely on the fighting in Samoa. The Kreutz Zeitung says: "England and the United States ought to remember that it is Germany and not Spain and that our patience has limits."

U. S. Government Still in the Dark.

Washington, March 31.—[Special]—England and Germany have received official notification of the disturbance in Samoa, but the United States government is still in the dark officially. There is a disposition to criticize the American consul and admiral for failing to give the desired information, although the government is ready to stand by them in the course they pursued in order to restore order on the island.

Praises Three Governments.

London, March 31.—The Times in its leading editorial says: "All three governments concerned deserve credit for the sensible and conciliatory temper displayed over the events in Samoa. SUCCESSFUL DANCING PARTY

Given Last Evening By America Lodge No. 26, D. of R.

The calico hop given by America Lodge No. 26, Daughters of Rebekah, at East Side Odd Fellows' hall last evening, was a social success in the fullest sense of the term. It was not only a social success, but a financial success as well and netted the ladies of that order a very large sum. The attendance was very large, and while a great many failed to attire themselves in calico, there were at least seventy-five couples in the grand march. Each lady who wore a calico dress furnished a necktie to match, which were drawn by the gentlemen and partners for the grand march were selected by seeking the ladies whose dresses corresponded with the ties.

The orchestra of the State School for the Blind furnished the inspiration, which was a grand treat, not only for the dancers, but for many spectators. That their music was appreciated, was evident from the fact that they were encored after each and every two-step.

STEAMER STELLA STRUCK CASQUETS

Goes Down in Eight Minutes with 176 on Board.

ONLY EIGHTY PASSENGERS REPORTED SAVED.

Captain Reed Went Down with the Vessel—When the Steamer Struck, the People Aboard Became Intensely Excited, but Officers Checked a Threatened Panic—People Crowded Into Boats—Two Steamers in Vicinity Rescue Several Boat Loads.

London, March 31.—[Special]—The steamer Stella, with tourists bound for the islands of Jersey and Guernsey, struck on the Casquets, a dangerous group of islands in the English Channel, a few miles off the French coast, and sank in just eight minutes with 176 passengers on board, only eighty of whom are reported saved.

Captain Reed went down with the vessel.

When the vessel struck the rocks, all of the passengers on board the ship became intensely excited, but the officers checked a threatened panic.

The people crowded into the boats as fast as possible and two steamers that happened to be in the vicinity, succeeded in rescuing several boat loads.

It is difficult to determine the full extent of the disaster as yet.

Some of the passengers did not wait for the boats, but jumped into the water.

Seventy-five persons are still missing. The Stella's boilers exploded as she went down.

When the vessel struck six boats were lowered. One of these capsized, and the others have not since been heard from. It is impossible, as yet, to give the list of saved or missing.

The Stella's crew heroically refused to enter the boats and seemed to forget themselves entirely in assisting the women. Most of the men passengers also refrained from entering the boats. Those who remained on the vessel gave a cheer as the boats pushed off. Then the Stella keeled heavily, and the sea ran up along the decks.

The captain shouted: "Let every man save himself!"

The men seized whatever they could to sustain themselves and jumped into the sea.

When the last order was given the captain raised his hands to the sky and stood in that position until the steamer went under and he disappeared with the hull—a hero meeting a hero's death.

NEW INDUSTRY IN STORE FOR CLINTON

FRANK WILSON TO MANUFACTURE WATER TANKS.

The Saloon License of Ryan & Lannon Revoked—Village Clerk's Report Shows Expense of Water Works For Year Ending March 22, To Be \$1,787.24—Abundant Water Supply

Clinton, March 31.—A new industry is in store for Clinton's list of business enterprises. Frank Wilson, one of our builders will engage in the manufacture of water tanks. He will produce on a small scale at first but with the right man back of the scheme and a superior location such as this place furnishes, there is plenty of chance for growth. Mr. Wilson has put in wood working machinery which will enable him to do all kinds of work in that line. The saloon license of Ryan & Lannon was revoked by the board at its regular meeting Monday evening. The saloon at its best, is a business that no town can feel proud of, even when its license restrictions are carefully heeded. The saloons of Clinton are diligently watched by the authorities and outside parties need not think they come here to engage in the liquor business and at the same time disregard all the laws and regulations imposed by the board upon saloon keepers. The village clerk's report shows that the total expense of the water works well for the year ending March 22 was \$1,787.24. The village is to be congratulated that the well is finished and the prospects good for an abundant supply of pure water to the patrons of the system. L. L. Old's seed potato business is largely increased this season. He already, we understand, has received orders in excess of the stock on hand, and unless he is able to procure good seed elsewhere, will be obliged to return a large number of drafts. His mail at times contains from fifty to one hundred letters in a single day. Truthful representations and honest dealings have built up for Mr. Olds a large and remunerative business.

Pastor Leek of the M. E. church, will answer the following question next Sunday morning: "Is Everlasting Life a Possibility?" Rev. Parsons will address the Y. M. C. A. meeting in the afternoon. Mrs. Dr. Collier entertained a few friends Tuesday evening. Frank Salisbury's health is not as good of late. Morgan Miller left Tuesday afternoon for Wayne, Green county, where he will make his home. There was a small company at C. P. Drake's last Friday evening. H. Dobbin's of Elkhorn, was here Monday. L. H. Silsbury returned from his Oshkosh visit Monday. Mrs. Fanny Hollenbeck and family now occupy their home, recently purchased on North Main street. A furnace has been put in and other improvements made. Charles Patchen and Chester Smith have secured a railway job, it is said, and will begin work at once. Miss Lenore Northrop visited her parents over Sunday. Mrs. Harry Holmes and son John were here on a visit the first of the week. Miss Rena Gilbert has purchased Miss Marie Johnson's millinery establishment, and will no doubt draw a large patronage, as she is a very popular young lady. L. N. Larson of Burlington, was a visitor here Sunday. A car of extra bran just received at the elevator. Also, clover seed and oil meal for sale. Gies Burt shipped a car of cattle Tuesday night. He has bought many cattle and hogs the past winter.

A PRETTY WEDDING AT FAIRFIELD

Planning For Extensive Improvements At the M. E. Church.

Fairfield, March 31.—Laverne Wheeler, of Darien, and Miss Frances M. Wilkins, of this place, were married at Delavan by Rev. B. K. Maunton, March 22. The bride is the youngest daughter of Mr. and Mrs. F. H. Wilkins and is one of our popular young ladies, and the groom is one of Darien's most promising young men.

Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters:

Mrs. LIZZIE BAKERLY, 258 Merrimac St., Lowell, Mass., writes: "It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottles of Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women."

Mrs. AMOS TROMBLEAT, Ellensburg Ctr., N. Y., writes: "I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was so troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

ing young men. A host of friends join in wishing them a prosperous life. The pastor is planning for some extensive repairs on the M. E. church. A. Mc Kinney, of Allen Grove, has been engaged as carpenter and began work this week. We hope to give a full report at an early date. Mrs. Anna McCarthy has resigned her position at the Deaf and Dumb institute at Delavan, and will keep house for her brother, Bert Dykeman. Miss Mary Williams is home from her school studies at Darien. Rev. I. Johnson is spending the week with his Fairfield parishioners. Dr. Horne and son Marshall, of Whitewater, visited at B. Conroy's last week. The entertainment last Thursday evening netted the Ladies Industrial society over \$15. Herbert Palmerton will spend the summer with his cousin near East Delavan. Jerome Terwilliger's little boy has been seriously ill. Moving seemed to be the general order of things the past week. C. Hoffman moved to the Enders farm; Daniel Brandt of Allen Grove, to the Palmerton farm; J. Magalsky to the L. Holister farm; and J. Waterman to his farm recently purchased of the H. Johnson estate. The creamery is receiving a good supply of milk, and nearly all the former patrons have returned. Mrs. Charles McCarthy is under the care of Dr. Rood at the present writing. Alva Johnson suffered a stroke of paralysis last Sunday, and at the advanced age of eighty-seven years, his recovery is very doubtful. Mr. Johnson lives two miles east of the village, and was one of the pioneer settlers of Turtle Prairie. The Ladies' Industrial society met with Mrs. D. R. Williams Wednesday afternoon.

LAST SAMOAN GLASH, STILL A MYSTERY

Officials at Washington Are Uncertain as to Facts.

FULL DETAILS NOT RECEIVED.

Conference Held at the White House
Representatives of the Government
Involved—Berlin Authorities
Express Surprise at the Outbreak.

Washington, March 31.—The serious condition of affairs in Samoa engaged the attention of officials Thursday, and there were conferences at the white house between the president and Secretary Hay and at the state department between the secretary and

EX-KING MATA'AFU, the British ambassador and Baron Speck von Sternberg, first secretary of the German embassy. But out of it all not a word of additional information was contributed from many official sources. The only authoritative statement came from the navy department, giving a brief dispatch from Admiral Kautz. This threw no light on the latest outbreak, and, owing to a tangle of dates, it served only to further involve the mystery.

In view of the fact that the fighting was widespread and long continued, and that the foreign offices at London and Berlin had been officially advised of the affair, it was regarded as somewhat strange that the state and navy departments should be entirely without information on a bombardment by an American admiral. Up to the close of office hours it was stated that nothing had come from any of the United States representatives in Samoa dealing with the outbreak of hostilities.

The Samoan crisis divides attention with the fighting about Manila in all official quarters. At the foreign embassies, where this has been a subject of consideration of late, considerable anxiety was shown lest the affair should assume a grave international aspect. Great Britain and America are acting in complete accord, not only as to the general solution of the Samoan problem, but in particular with reference to the force exerted by the British and American naval commanders.

As to the German attitude it is stated positively in a quarter thoroughly familiar with German official sentiment that the outbreak now reported can under no circumstance be construed as an overt act against Germany nor as a casus belli. This is from such a source that it largely removes the possibility of international complications.

German Government Surprised.
Berlin, March 31.—The German government was taken wholly by surprise with the news from Samoa. There is considerable curiosity as to the effect the outbreak will have upon the attitude of the United States and Great Britain, but the view remains that the final settlement will be in no way changed by the outbreak of hostilities, but must be arranged by the joint action of the three cabinets.

London Is Informed.
London, April 1.—The British foreign office has received official dispatches confirming the dispatches from Apia, Samoa, announcing the outbreak of hostilities there.

Equal to the Strain.

One of the most imposing objects on earth is the bass drummer in a brass band. Arrayed in full panoply and hammering with might and main on both sides of the huge structure sticking out in front of him, he is an awe-inspiring and fear-compelling spectacle. It is related of a bass drummer in the Blimtown brass band that when the band was playing and marching one day at the front of a political procession, a dog, belonging probably to some man of the opposite party, rushed out barking furiously, and, singling out the man with the big drum as being the heavy villain, so to speak, made a dash for him. The drummer, without removing his eyes from the far-off depths of space into which he was gazing straight ahead, missed just one beat. With his heavy drumstick he hit the dog a blow that knocked it entirely out of action, and went ahead drumming as before. "Yes, sir," said the Blimtown historians, in speaking of the incident afterward, "he knocked that dog down and came in on time on the next beat! There ain't another man alive that could have done it!"

USED HORSEWHIP ON MAN.

Woman Who Avenged Her Injured Heart.

A young woman and a horse whip created a sensation recently on the streets of a Pennsylvania town. Miss Lizzie James, a well known young woman, publicly horsewhipped J. A. Ackerman, one of Scranton's prominent wholesale merchants, because, she alleges, he jilted her. It appears that trouble has been existing for some time between the couple, but the affair was a surprise to the many friends of both. The whipping took place in front of the Delaware and Hudson depot, in the business part of the city. Hundreds of people looked on while Miss James struck Mr. Ackerman time after time until he managed to escape. Three years ago Miss James met Ackerman and they became lovers. He visited his sweetheart often, and after the first year of the courtship the young lady had promised to be his wife. Ackerman was an ardent lover, and though the date of the ceremony was not named he continued his calls. They went into society together, and it was generally known that she was his affianced wife. Recently Mr. Ackerman's approaching marriage to Miss Millie Wormser was announced, and Miss James became so incensed with jealousy that she armed herself with a cowhide whip and went out looking for Mr. Ackerman. When they met she was revenged by giving him a severe lashing.

Another Phase of the Theater.

"H'm!" said a sweet, young thing at the matinee the other day, "talk about that regulation forbidding the wearing of hats at the theater being hard on the milliners! Why, it is the making of them, in my opinion. Here I have been obliged to jump up half a dozen times this afternoon to let some one pass by me, and each time I have grabbed my hat to hold it by a different place; but as a usual thing I get hold of it by its most perishable ornament. That is at least the seventh chiffon roll that I have had on that hat so far, and the winter is not half gone. So you see, I know what I am talking about when I tell you that an afternoon's or an evening's tending of a hat on your lap takes more out of it than does a week's wear on the head." —Boston Transcript.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned. —Josh. Edgar, Germantown, Cal. For sale by Peoples' Drug Co.

Electrical Evolution.

Being asked if he believed that the end of electrical evolution had been nearly reached, Thomas A. Edison said: "There is no end to anything. Man is so finite that he can not possibly learn one-millionth part of what is to be known. He might put in fifty years on the study of water alone, and beyond learning the component parts of it he would know nothing. Only the ignorant say we are near the limit in invention. There is no limit."

Woman's pains, so hard to bear, are quickly and safely relieved by "Orangeine."

CONCERNING SILK STOCKINGS.

Victor P. Richardson is not a stranger to manual labor. He once worked by the day in the big manufacturing plant that he now manages. He has also worked at the printer's case in the Gazette office, and has endured a season of hardship with a surveying party that laid out a railway line through the Northern wilds. He was trained to work from boyhood, and has always been a worker. Mr. Thoroughgood talks about "silk stockings" with the evident impression that Mr. Richardson is that sort of a man. The insinuation is as unjust as it is unfair. "There is nothing," artificial about Mr. Richardson. He draws no line upon his fellow man except that of good citizenship. He is not conceited nor "stuck up." When he is mayor he will not assume that he has been given a quit claim deed to the town, but will always bear in mind that he is but the servant of the people, not their master. He is a man of sterling qualities, and not a seeker for popularity regardless of the interests of those whom he may represent. To elect him mayor means to give the people an honest, fearless and capable official, one who will do his whole duty, at all times, and under all circumstances.

NEED "PLAIN TALK" NOW.

Mayor Thoroughgood says, in his signed statement published in the Recorder on Sunday:

"As you know, I am a plainspoken man. If I have anything to say I say it," etc.

Under the circumstances then, Mr. Mayor, and taking you at your word, have you any objections to telling us which of the three available nominations you preferred, the republican, the democratic, or the independent?

And may we also ask, now that you have accepted the democratic nomination, if you believe in the doctrines of democracy—such as free trade, or free silver—or did you accept the democratic nomination simply because you could not get either of the others?

We feel that these questions are pertinent to the campaign, as you have raised the issue yourself, but if you do not so consider them; or if we do not take the right view of the case, we should be pleased to be informed further.

REPUDIATE MR. THOROUGHGOOD.

Hundreds of Janesville democrats refuse to support John Thoroughgood on the ground that he embraced democracy only in hopes of getting an office. They concede that Mr. Thoroughgood is now a democrat—having accepted a straight democratic nomination, he was compelled to take the party principles as well. Therefore, they cannot question the fact he is "one of them," but they do question their obligation to vote for a man who joined their ranks simply in hopes of getting an office. There are many of these men. They are keeping their own counsel, and making no noise, but they will not vote for Mr. Thoroughgood.

It is Victor P. Richardson's rule to define his position plainly, and the people will always know just where he stands on all questions. More than this, he will always be on the side that he

considers right. He will never falter between duty and possible popularity.

W. H. H. MACLOON.

Fourth ward voters can do no better than to elect W. H. H. Macloon as alderman. Mr. Macloon will give the office his close attention; he is a man who fears no one; when he thinks he is right he stands for his belief; his honesty cannot be questioned; he is a self-reliant, outspoken and thoroughly reliable citizen. He may not be a specialist in the line of meaningless pledges; he may not have as much "policy" in his make-up as some men; and he may not have the disposition to play on the prejudices, but we all know that he will do as he agrees, and support the right at all times. He has not spent his life in making friends at the expense of his manhood. He is a man of rugged individuality, and if he is elected alderman he will stand for the people against all comers. W. H. H. Macloon should be elected, and there is every indication that he will be.

The old line democrats do not take kindly to the idea of heading the democratic ticket with a man who would have gladly accepted the republican nomination. Consequently many of them will vote the republican ticket or stay at home.

Voters should not forget to vote for the judicial candidates next Tuesday. Although the judges have no opposition, a full vote should be cast for them. Vote for the judges yourself and see that others do the same.

Alderman H. S. Gilkey apparently has no opposition in the third ward, as up to noon today the democrats had not filled the vacancy caused by R. Valentine's declination to accept the nomination.

Victor P. Richardson takes an interest in city affairs, and is just the man for mayor. He is progressive, yet governed by the business judgment that has made him successful.

If the voters do their full duty this spring, we will roll up a record-breaking majority. Leave no stone unturned that will aid in bringing about that result.

The Recorder finds it an up-hill job to disguise its real belief—that Victor P. Richardson will make an ideal mayor.

Mayor Thoroughgood is strongly in favor of the brand of "nonpartisanship" that puts democrats in office.

The ticket is worthy of your best endeavors. Have you discharged your obligation to your party?

Only a day or two more in which to talk republicanism. Have you attended to your part of it?

Vote early, and then see that republican votes are put in the box as often as possible.

Don't forget to vote for the judges on Tuesday.

The "straight ticket" is the best ticket.

D. K. JEFFRIS' MILL DESTROYED BY FIRE

LOSS IS ESTIMATED AT TEN THOUSAND.

Two Thousand Dollars' Insurance Was Carried by Mr. Jeffris, Who Says His Loss Will Reach About Seven Thousand—Mill Valued at About Three Thousand.

Fire destroyed the D. K. Jeffris planing mill, at No. 4 North River street, last evening, together with its contents. Mr. Jeffris owned the machinery and all contents of the building, and places his loss in the neighborhood of \$7,000, which includes loss on adjoining brick building used for office and storage purposes and which is owned by him.

This total loss is covered by \$2,000 insurance on the machinery and \$5,000 on office building and contents.

The planing mill is owned by O. H. Fethers and M. G. Jeffris, of this city, and was valued in the neighborhood of \$3,000.

It is partially covered by \$1,000 insurance.

Mr. Jeffris stated this morning that in all probability he would re-engage in the planing mill business, but whether or not it would be here in Janesville, was a question that he would not be able to answer this early day to state.

At 10:30 o'clock the alarm was turned in from the west side engine house by Frank Coppin, one of the night force at Hockett's bakery, back of the postoffice. When Mr. Coppin first discovered the flames they were entirely confined to the southeast end of the building on the first floor. The flames at that time had good headway and when the department arrived, the fire was doing fatal work in the east end of the building.

The structure is covered entirely by iron and the firemen realized from the start that they had a hard job before them.

Frame and brick buildings were but a few feet away and if the firemen lost control of the flames it meant a sweeping conflagration. To confine the flames to the planing mill was a task that was not easily accomplished. Five heavy streams were soon playing on the mill and adjoining buildings.

The F. M. Marzuff & Company shoe factory was but a few yards away and is connected with the planing mill by a runway. Across this wooden structure the flames threatened to work their way several times, but this the firemen guarded against.

The night air was still and it is no doubt owing to this that many thousands of dollars worth of damage was saved.

Adjoining the mill on the north is a two-story frame building owned by E. W. Lowell, and at present occupied by C. H. Belding as an implement house. To save this building, the firemen worked hard from the very start.

Dense smoke filled the streets for many blocks around and the flames as they shot through the roof made a bright illumination that could be seen in all parts of the city.

Fully a thousand persons were on the scene at 11 o'clock, watching the flames. At midnight the fire was under control and the damage done was entirely confined to the planing mill and the adjoining two-story brick office building used in connection with the mill.

On both floors of the mill havoc was wrought.

On the second floor of the office building the roof and walls were badly damaged by smoke and water.

How the flames originated is a mystery, as there was no fire in the building. A harder place to fight a fire, would be hard to find in Janesville, and when the firemen confined the flames to the planing mill, they did a good piece of work.

The stock of agricultural implements owned by Chas. H. Belding, who occupies the adjoining building on the north, was also damaged, principally by water.

DR. O. P. ROBINSON AND W. B. NOYES' REMAINS INTERED.

Funeral Services of Both Were Largely Attended by Early Residents of the County—Death of William Murdock, Who Was Former Landlord of the American House.

All that was mortal of the late Dr. Oliver P. Robinson was laid to rest in Oak Hill cemetery this afternoon. From Trinity Episcopal church at 3:30 o'clock services were conducted by the Rev. Mr. Maryon. The sacred edifice was filled with friends, the greater portion being white haired residents, who had known and esteemed Dr. Robinson for many years. Several were also present from the adjoining county. The physicians of the city attended as did members of the local Masonic order, of which society Dr. Robinson was a member for many years.

The floral offerings were many and beautiful. At the grave, members of the Masonic order took charge of the services, the pall bearers being members of that order.

William B. Noyes

From the South Jackson street residence at 10 o'clock this morning, funeral services were held over the remains of the late William B. Noyes.

Rev. Robert C. Denison of the Congregational church officiated. The home was filled with friends who for years had respected and loved Mr. Noyes.

The floral offerings were many and they embraced several handsome designs. At the close of the services, the remains were tenderly laid to rest in Oak Hill cemetery.

The pall bearers were: William Ruger, Charles Cleland, J. L. Ford, A. F. Hall, Pliny Norcross and C. P. Beers.

William Murdock

William Murdock died yesterday morning at 10 o'clock at Ishpeming, Michigan, aged eighty-seven years.

Mr. Murdock was the father of Mrs. L. T. Nichols, of this city, and grandfather of Mrs. W. H. Palmer, and Mrs. John D. King. He was a former resident of Janesville, and at one time was proprietor of the old American House, on the corner of Main and Court streets, where the Court street M. E. church block now stands. He was engaged in the mining business at Ishpeming. He leaves one child, Mrs. Nichols, of this city.

Thomas Welsh

Rev. Father Goebel, of St. Mary's church, conducted funeral services this morning at 10:30 o'clock at Milton, Junction over the remains of the late Thomas Welsh. The interment was in Mount Olivet cemetery in this city. The pall bearers were: Michael Hayes, Joseph Moriarty, Edward O'Donnell, Patrick Brennan, Frank Hart and Harry Palmer.

David Jameson

From the Eastern avenue home funeral services were held at 10 o'clock this morning over the remains of the late David Jameson. Rev. Mary Kimball officiated, and the interment was in the Emerald Grove cemetery.

Frank Peacock

Frank Peacock, formerly of Janesville, died in Austin, near Chicago, February 17, of consumption.

Newbury S. James

The funeral of Newbury S. James will be held at All Souls' church tomorrow morning at 10 o'clock.

MANY BEAUTIFUL HATS

Mrs. M. E. Woodstock has a Very Attractive Showing For Spring Season.

Beautiful pattern hats and a host of beautiful creations from her own work rooms make the millinery display of Mrs. M. E. Woodstock this year unusually attractive. Mrs. Woodstock has been especially happy in her effort to show that style and charm in a hat need not mean excessive cost. Some of her daintiest and most alluring effects are offered at medium prices.

There has been a throng in the Woodstock show room continuously this week. Even the disagreeable weather has not interfered with sales and business has been very brisk. For years the Easter openings of Mrs. Woodstock have been events of importance, and this importance has in no wise diminished.

Miss Frieda M. Pabst, leaves tomorrow morning for Chicago, where she has secured a position.

THEY RIDICULE IT

Many People Ridicule the Idea of An Absolute Cure For Dyspepsia and Stomach Troubles. Ridicule, However, Is Not Argument, and Facts Are Stubborn Things.

Stomach troubles are so common and in most cases, so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their adroitness in never being humbugged, especially in medicines.

This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made of a preparation as reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never had and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meal digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package. Address F. A. Stuart Co., Marshall, Mich., for little book on stomach diseases, sent free.

SWEEPING ANTI-PASS BILL.

Wisconsin Measure of Great Severity Against Deadheads.

Madison, Wis., March 31.—When the anti-pass bill came up in the senate Thursday Senator Whitehead offered a substitute more sweeping in its provisions than any of the former measures. Not only does it make it unlawful for state, county and city officials and employees to use passes, but it makes it a crime punishable by a prison sentence of from one to five years to use a pass in attending a political convention. It makes a violation of the law bribery. The measure passed the senate without debate. It is the result of a conference which reported a constitutional amendment the same in substance. They both include candidates for office in the pass prohibition.

The True marriage bill, requiring a license to be taken out five days before the ceremony is performed, was passed by the assembly and now goes to the senate, which will in all probability concur in it. It is aimed to cut off all elopements to this state from Illinois and Minnesota. The assembly also advanced to a third reading the best sugar bounty bill, giving manufacturers of the product 1 cent a pound for three years.

It's like a dip in the fountain of youth. Touches the cheek so gently that "youth lingers in the face of old age." That's what Rocky Mountain Tea does. Smith's Pharmacy; Kodak Agents.

To String Wires in Klondike.

Washington, March 31.—Consul Brush at Clifton informs the state department that the Canadian government has decided to construct a telegraph line between Lake Bennett and Dawson City at once, and that it is also decided to establish telegraph connections between British Columbia and the Yukon territory.

Homeseekers' Excursion.

Tickets good for return on any day within limit. For further information call or address agent C. & N. W. R'y. Telephone 35.

A Card

We, the undersigned, do hereby agree to refund the money on a 50c bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25 cent bottle to prove satisfactory or money refunded. People's Drug Co. H.E. Ransom & Co.

New Regulations As to Home Seekers' Excursions.

Home seekers' excursionists may now return any day within the twenty-one days limit. Round trip excursion tickets to Iowa, Minnesota and Dakota points, and to points in southern, south-western, western and northern states, with a twenty-one day limit at half fare plus \$2, will be for sale by the Chicago, Milwaukee & St. Paul R'y on February 7, 21, March 7, 21 and April 4th and 18th.

The "life-line" is out, extending the "glad hand" of life, hope and happiness. Reaches around the globe. 'Tis Rocky Mountain Tea. Smith's Pharmacy; Kodak Agents.

If the Baby Be Cutting Teeth

Be sure and use the old and well tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Chicago Live Stock Markets.

Chicago, March 30.—Values for cattle and sheep today stood the best for the week. Quite moderate Thursday receipts were at hand and there was demand enough to take off many good fat cattle and sheep at 5@10c advance, though there was not a general all-round advance of that extent in each branch. Hogs sold at firm prices, but not quotably higher. Quality was good and the cost of choice stood a shade higher, where change was noticeable. Receipts were estimated at 8,000 cattle, 28,000 hogs and 10,000 sheep. Features of the trade were urgent demand for smooth fat, little steers and heifers, rather indifferent demand for packing hogs and a hungry consumption of all fat sheep and lambs at the best prices paid this week.

Recruiting in Canada.

In the British house of commons the other day the parliamentary secretary of the war office, Mr. George Wyndham, replying to a question on the subject, said that recruiting in Canada for the regular army of Great Britain was under consideration, and he was not prepared to admit that there were any obstacles to such a step on either side of the Atlantic.
